

Ontario Securities Commission Dismisses Wilks Brothers' Application

July 14, 2021 4:00 PM EDT

CALGARY, AB, July 14, 2021 /CNW/ - Calfrac Well Services Ltd. ("Calfrac" or the "Company") (TSX: CFW) announces that yesterday the Ontario Securities Commission ("OSC") dismissed the application by Wilks Brothers, LLC ("Wilks Brothers") to set aside the decision of the Toronto Stock Exchange ("TSX") that granted exemptive relief to Calfrac.

As previously announced, in March 2021, the TSX confirmed that its conditional listing approval in respect of the common shares issuable upon conversion of the remaining \$58,950,000 of 1.5 Lien Notes issued by Calfrac in connection with its 2020 recapitalization transaction had been satisfied. Such confirmation was subject to, among other conditions, the completion of the rescission and cancellation of the previously described \$1,050,000 of 1.5 Lien Notes acquired by an institutional Shareholder, which was completed on April 15, 2021. Among the conditions imposed by the TSX in granting exemptive relief, Calfrac is subject to enhanced review by the TSX until March 2022.

Wilks Brothers applied to the OSC for a hearing and review of the TSX's decision. The hearing before the OSC was held on July 12, 2021.

On July 13, 2021, the OSC issued an order dismissing Wilks Brothers' application. The OSC's reasons will be released at a later date.

This favorable decision, coupled with the recent dismissal by the Supreme Court of Canada of Wilks Brothers' leave to appeal application, allows Calfrac to focus on Wilks Brothers' remaining active opposition to Calfrac's recapitalization transaction, being the pending appeal to the U.S. Court of Appeals for the Fifth Circuit, as disclosed in Calfrac's June 2, 2021 news release.

Calfrac believes that it is well-positioned to oppose the U.S. appeal, and looks forward to the opportunity to dispense with the appeal on the merits.

The briefing schedule and hearing dates for the U.S. appeal remain to be determined. Calfrac will provide a further update upon any material developments.

Calfrac's common shares and warrants are publicly traded on the Toronto Stock Exchange under the trading symbols "CFW" and "CFW.WT", respectively.

Calfrac provides specialized oilfield services to exploration and production companies designed to increase the production of hydrocarbons from wells drilled throughout western Canada, the United States, Argentina and Russia.
